

## Project 2 My Cartoon Character

# Ну, погоди!

This is my favourite animated cartoon film. Its English name is 'Well, You Just Wait!'

I like the Wolf. He is an animal who can speak, sing and play the guitar. He lives in Russia. He likes adventures and games with the Hare. The Wolf usually tries to catch him.

The Wolf has got long black hair and eyes. He usually smokes. He wears modern trousers and a white-blue shirt. He has got a hat. He is tall and slim. His body is grey. He is very confident and noisy.

He hasn't got family and many friends. His favourite thing is to capture the Hare.

His favourite expression is "Nu, Zayats, nu pogodi!"
